Professional Summary

Full Stack Developer experienced in designing, developing, and deploying production-ready SaaS applications and full-stack web solutions. Proficient in Next.js, React, TypeScript, Tailwind CSS, Node.js, Prisma, PostgreSQL, Supabase, REST APIs, authentication, database design, and responsive UI development with experience delivering software for real-world clients.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, Java, Kotlin, SQL

Frontend: Next.js, React.js, Tailwind CSS, HTML5, CSS3, Responsive UI

Backend: Node.js, SpringBoot, Express.js, REST APIs, Server Actions, Server Components

Databases: PostgreSQL, MongoDB, Firebase Firestore, Supabase, Prisma ORM

Auth & Payments: Clerk, Supabase Auth, Firebase Auth, RBAC, Session Management, Stripe Checkout, Webhooks

Deployment & Tools: Vercel, Git, GitHub, Docker, Postman, VS Code, Android Studio

Engineering: Full-Stack Development, API Integration, Database Design, Performance Optimization, Debugging, Secure Coding

Projects

Restaurant Operating System | *Next.js, React, TypeScript, Prisma, PostgreSQL, Supabase, Stripe*

2026

- Built a production-ready restaurant management platform for a sushi restaurant client in **Milan, Italy**, supporting dine-in, takeaway, delivery, reservations, and online ordering.
- Engineered full-stack functionality covering database design, authentication, RBAC, APIs, business logic, and responsive UI.
- Integrated Stripe payments with secure checkout, payment verification, and webhook handling for reliable transaction workflows.
- Optimized application performance through database indexing, caching, lazy loading, code splitting, and query optimization.

Palli Karma-Sahayak Foundation (PKSF) - Modern Digital Concept | *Next.js, React, TypeScript, Tailwind CSS* **2026**

- Designed and developed a modern digital concept of the PKSF website, focusing on improved visual hierarchy, responsive UX, accessibility, and modern web standards.
- Rebuilt the interface using reusable React components, responsive layouts, animations, and a scalable Next.js architecture.
- **Live Demo:** [OPEN LIVE DEMO](#)

EWU FairRide: Fairness-Aware Ride Sharing | *Java, Firebase, Google Maps API, Weather API*

Research Project

- Developed a native Android ride-sharing application for university students with fairness-aware pricing based on distance, traffic, weather, and route data.
- Implemented Firebase authentication, real-time ride synchronization, location tracking, ride validation, and emergency location sharing.

Nour Ayni - Urdu Poetry Writing Platform | *Next.js, TypeScript, Clerk, Tailwind CSS, Cloudinary* **Personal Project**

- Built a personalized Urdu poetry writing platform with an immersive writing environment, rich text editing, reusable templates, custom typography, and responsive layouts.

- Implemented Clerk authentication, Cloudinary storage, debounced auto-save, and PDF/PNG export while maintaining custom typography and visual styling.

Gym Fitness Mobile Application | *Java, Android Studio, Firebase*

- Built a native Android fitness application for workout tracking and fitness management with Firebase integration and responsive mobile interfaces.

Experience

Education Consultant & Marketing Manager
EdSparkle Education Consultancy

June 2025 – February 2026
Dhaka, Bangladesh

- Managed client communication, documentation, and end-to-end education application processes.
- Created digital marketing content and coordinated campaigns across multiple platforms.
- Collaborated with team members to manage client projects and ensure timely delivery.

Backend Developer Intern
ForesightBytes

December 2023 – April 2025
Remote

- Developed backend modules for an ERP-based software system using Java.
- Implemented business logic, database operations, data processing, and application workflows.
- Debugged backend functionality and collaborated on software testing and integration.

Education

East West University
Bachelor of Science in Computer Science & Engineering
CGPA: 3.48/4.00

Graduated: 2026
Dhaka, Bangladesh

Higher Secondary Certificate (HSC)

GPA: 5.00

Secondary School Certificate (SSC)

GPA: 5.00
